## PROFESSIONAL EXPERIENCE

**UI/UX FRONT END DEVELOPER**                    **DISH** | Denver, CO | April 2021 - Present
- Creation of web and native interfaces while maintaining best practices. Incorporating animation and implementing up-to-date strong and reliable frameworks.
- Advancing and improving our own enterprise wide design system to fit the needs across all departments in a fortune 500 company.
- Lead developer in launching "Start With The Good Part" campaign for OnTech, incorporating interactive animation to provide eye-catching scroll motion that led to OnTechs first 1 million dollar week since the launch of the company.
- Lead developer in rebuilding Genmobile.com. Incorporating user testing research backed design collaborating with UI/UX designers to create innovative and new features to captivate an evolving audience. In addition to analytics analysis and the implementation of GTM.
- Adopted and improved upon an inhouse DSM named "Campfire", a design system that assists the enterprise to achieve cohesive design and development principles. It's currently under development to ultimately reach open source.
- Utilizing React.js and Storybook.js, I assist in maintaining Campfire's documentation website and assist in live component testing for new and improved reusable components.

**PRODUCTION MANAGER/GRAPHIC DESIGN SPECIALIST**          **TERRASLATE** | Denver, CO | May 2018 - Sep 2019
- Production Manager of a robust team of producers producing original designed brochures and menus.
- Facilitated the production of local restaurant menus using Waterproof and Tearproof paper.
- Head producer and graphic designer, assisting other team members to incorporate best design practice.

**SENIOR GRAPHIC DESIGNER**                    **POP YOUR PUP** | Pompano Beach, FL | Sep 2015 - Sep 2016
- Utilized Photoshop and Illustrator to create pop art from original photographed household pets, and prepped onto apparel
- or canvas.
- Critical thinking, collaboration between designers and clients, and solidifying a quick turnaround time while maintaining quality.
