- -

Front End Web Developer with a bachelor's degree in Graphic Design and animation. Utilizing advanced knowledge in traditional design, color theory, expert Adobe suite techniques, and React.js, anything is possible.

TECHNICAL SKILLS
Languages: HTML5, CSS3, Javascript, React, Node, Express, MongoDB, SQL
Frameworks: Materialize, Foundation, Reactstrap

PROJECTS
Quarantinee | https://bit.ly/3dMCOQm | https://quarantinee.herokuapp.com/
An app designed to help get through the days of social distancing while keeping some of your sanity. Post your top games, Netflix binges, or simply connect with other Quarantinees like yourself.

- Features Messaging between users, share and like blog posts, and chat coming soon
- Scrum leader and UI Designer (landing & main page built using Photoshop & CSS)
- Materialize library, Node.js, Express.js, Passport.js and MongoDB

Cocktail Mixtape | https://bit.ly/3cZiDgV | https://phatorbs.github.io/GUIsProject1/
Cocktail Mixtape is an app to pair cocktails and music to your party style. Pick from a list or enter in a keyword for random suggestions!

- Connects to Spotify playlists and Cocktail Database API creating a playlist mix for any occasion.
- Scrum leader and UI/UX Designer
- Materialize CSS and AJAX.

EXPERIENCE
Electronic Repair Technician   2017-2018
uBreakiFix   Centennial, Colorado
Repair Technician/IT service fixing laptops, smartphones, and video game consoles. Precision and patience led to a fulfilling career working with electronics and users' important data. Taking in IT service calls, Data Transfers, Diagnostics, and damage repair.

- Tasked to repair any iPhone or Samsung phone for my precise care, innovation, and quick turn around.

Senior Graphic Designer   2015-2016
Pop Your Pup   Pompano Beach, Florida
Utilizing Photoshop and Illustrator to create pop art from original photographed household pets and prepping onto apparel or canvas. Critical thinking, collaboration, and quick turn around time while maintaining quality was the key to success.

- Utilizing technique I was tasked with the most difficult of orders (pictures with little to no lighting) and creating portraits with high detail and accuracy of the original photo.
- Promoted from Junior to Senior designer in just a few months for my experience in Adobe suite and high turnout.

EDUCATION
Certificate in Full Stack Web Development: University of Denver, Denver, CO
Bachelor of Arts in Graphic Design: Florida State University, Tallahassee, FL
