EXPERIENCE

Senior UI/UX Front-End Web Developer | DISH | Denver, CO

April 2021 - Present

- Created web and native interfaces while maintaining best practices, incorporating animations and implementing reliable frameworks.
- Advanced the enterprise-wide design system to meet the needs across all departments in a Fortune 500 company.
- Led front-end development for OnTechsmartservices.com, delivering interactive animations that drove the company's first \$1 million week since launch.
- Spearheaded the rebuild of Genmobile.com, leveraging user testing and research-backed design to create innovative features and enhance audience engagement. Implemented analytics and GTM.
- Contributed to the development of "Campfire," an in-house design system that aims to achieve cohesive design and development principles enterprise-wide and ultimately become open-source.
- Utilized React.js and Storybook.js to maintain Campfire's documentation website, performing live component testing for reusable components.

Production Manager/Graphic Design Specialist | Terraslate | Denver, CO

May 2018 - September 2019

- Managed a team of producers designing original brochures and menus using waterproof and tearproof paper.
- Designed and facilitated production of restaurant menus, ensuring high-quality and timely delivery.
- Led team collaboration to incorporate best design practices into production workflows.

Senior Graphic Designer | Pop Your Pup | Pompano Beach, FL

September 2015 - September 2016

- Utilized Photoshop and Illustrator to create pop art from photographs, prepared for apparel or canvas.
- Collaborated with clients and designers to ensure quick turnaround times while maintaining quality.

EDUCATION

Certification in Full Stack Web Development
